

ANTI-ITCH / COAT ENHANCER

Only the finest 'human grade' **NATURAL** raw ingredients have been used in this product.

The product is intended to treat the **CAUSE** of most skin ailments, rather than their symptoms. With the recommended continued daily maintenance dosage, Promix Anti-itch/Coat enhancer will not only maintain a healthy skin and coat, but due to the correct ratio of Omega 3 & 6 content, has additional health benefits for your animal.

Anti-itch supplementation will assist with:

- ✓ Aided immune system
- ✓ Stimulation of healthy skin and hair growth
- ✓ Easing of joint and rheumatoid problems
- ✓ Maintenance of bone development and health
- ✓ Regulating metabolism
- ✓ Maintaining reproductive capabilities
- ✓ Control of blood clotting and cell growth

DOSAGE:

- **HORSES** - 30ml daily over food, till itchy/dry skin subsides, then continue with 15ml daily for optimum maintenance.
- **MEDIUM/LARGE** dogs - 10ml daily over food, till dry/itchy skin subsides, then continue with 5ml daily for optimum maintenance.
- **SMALL DOGS & CATS** - 5ml daily over food, till itchy/dry skin subsides, then continue with 2,5ml daily for optimum maintenance.
